Lab #11: Second Draft of Your Research Presentation Poster

Purpose:
The purpose of today's assignment is for your team to <u>further refine</u> your research project poster based on the feedback you received on your first draft from your professor or graduate co-instructor.

Your team task:
- As a team, you will <u>further refine</u> your research poster.
- You change the assignment of responsibilities from your first draft if you need/choose to at this point.

General Guidelines:
- As a team, discuss if you need / want to change how each member of your team will contribute.
- If a team member is not present today, indicate their anticipated role and communicate with them asap outside of class about what they need to do.
- Remember, that each role is responsible for writing that section for the poster and presenting that section at the conference)
- Ensure you have all the sections on your poster required (as per LAB_10 documents) and that you incorporate the feedback you received on your LAB_10 assignment.
- Follow the formatting requirements when you submit your assignment.

Formatting requirements:
- You MUST submit the poster-part of this assignment as a **.pdf** document. Your poster may look very different when your professor or graduate co-instructor opens it if it is not a .pdf.

Documents to refer to / Template to use:
Refer to the LAB_10 documents and follow them closely. Refer to the feedback you received on your LAB_11 assignment.

At the end of class:
- one member of your team needs to upload your LAB_11 team assignment sheet as a .odt, .doc, or .pdf file AND one member of your team needs to upload a LAB_11 second-draft poster as a .pdf file.
- It does not matter which team member uploads your team's assignments.
- Each team member should, though, keep a copy of each document for his/her records.

After class:
- Your professor or graduate co-instructor will provide each member of your team with a final round of feedback on your submitted assignment.
- This provides you the opportunity to make after final changes to your poster.
- <u>You MUST submit your FINAL .pdf version of your poster for printing by</u> the deadline date given to you in class!!! If you miss that deadline date, your poster will not be printed!!

Final posters will be printed Friday-Monday in time for the PSYO 270 Poster Conference.
