Hi Jackson,

I hope you're doing well. I'm applying for various software engineering positions and was wondering if you could please provide a reference on my behalf. It would certainly be appreciated if you did.

It was a great honor to have worked with you and OpenDental during your time at UBC. I intend to take the lessons, experiences, and feedback I learned from you into my next endeavours. I would appreciate the time invested in your reference and would gladly be of service to you in the future.

If you have any questions or concerns, please feel free contact me. Thank you

With sincere regards,

Rob Trigo
