I am writing to you in hopes that you may provide a reference letter for my job application. The job position I am applying for is Student Assistant at the Geographic Information Centre at UBC.

As a 3rd year student at UBC, majoring in Geographical Biogeosciences, I completed the course *GEOB 270: Introduction to GIS* under your instruction. During this time I gained further desire to be involved with GIS and geography as a career in the long term.

The job position I am applying for gives me an opportunity to venture into the work force as it relates to geography. With your reference I feel my application will have added prestige and give me a better chance to gain employment.

Let me know if this is at all possible and if you have any questions or concerns. Please respond back at your earliest convenience by emailing me at samwhyz@gmail.com.

Sincerely,

Samuel King
