

Qualifications:

The BC Cancer Agency (BCCA) is committed to reducing the incidence of cancer, reducing the mortality from cancer, and improving the quality of life of those living with cancer. BC Cancer Agency provides a comprehensive cancer control program for the people of British Columbia in partnership with regional health authorities to deliver a range of cancer services, which include prevention, screening and early detection, diagnosis and treatment, research, education, supportive care, rehabilitation and palliative care. It operates six regional cancer centres in Surrey, Kelowna, Vancouver, Victoria, Abbotsford and Prince George, along with two research centres that conduct research into the causes and cures for cancer.

BCCA is an agency of the **Provincial Health Services Authority (PHSA)** which plans, manages and evaluates specialty and province-wide health care services across BC. ***PHSA embodies values that reflect a commitment to excellence. These include: Patients first • Best value • Results matter • Excellence through knowledge • Open to possibilities.***

Research Assistant

Reference #35612

Temporary Full Time (until March 4, 2016)

BC Cancer Research Centre

Vancouver, BC

In accordance with the Mission, Vision and Values, and strategic directions of Provincial Health Services Authority patient safety is a priority and a responsibility shared by everyone at PHSA, and as such, the requirement to continuously improve quality and safety is inherent in all aspects of this position. These are fully qualified working level positions. Incumbents have directly related laboratory experience and familiarity with specific research programs and methodologies of the hiring laboratory. They work under supervision and perform experiments by following established laboratory procedures. They report to the Department Head, Principal Investigator, or designate.

Education, Training and Experience

A level of education, training, and experience equivalent to graduation from a recognized Bachelor's program in an appropriate discipline (e.g. Bachelor of Science); plus two (2) years of recent related

experience in a research laboratory.

We invite you to apply by clicking the "**Apply Online Now**" button where you can register for the first time or enter your Username and Password in order to re-access your profile on our system.

*****Employees of PHSA must apply via the "Internal Application Process". Current PHSA staff who apply to this posting using this external site will be considered with other external candidates. Seniority will not apply.*****

Please visit internaljobs.phsa.ca to register your internal profile and apply online for internal jobs. If you require a temporary password outside of regular business hours, please email the Internal Jobs Help Desk internaljobshelpu@phsa.ca

Internal competition closes February 26, 2015. Internal applications received after this date will be considered as late applications.

Applications will be accepted until this position has been filled.

For more information on all that the PHSA has to offer, please visit: <http://careers.phsa.ca>

For more information about the BC Cancer Agency, please visit the website at: www.bccancer.bc.ca

PHSA is committed to employment equity and hires on the basis of merit. We encourage applications from all qualified individuals, including Aboriginal peoples, persons with disabilities and members of visible minorities.
