

INDIGENOUS NATIONS & LANGUAGES IN CANADA

HELP is building a comprehensive list of First Nations, Métis Nation Homeland (including Métis Settlements and historic Métis communities), and Inuit Nunangat communities and all their spoken languages. These lists support population health surveys and resources that parents/caregivers, educators and children can use when completing a HELP survey or for general reference. The list below is organized by First Nations, Métis Nation Homelands, and Inuit Nunangat communities across provinces and territories, and references self-identified traditional names, spellings and respectful terminology.

These lists are part of the ongoing, collective work toward change and improving the health and well-being of First Nations, Métis and Inuit children and their families. Through guidance of our Aboriginal Steering committee (ASC), we are developing procedures to support First Nations, Métis and Inuit regional and territorial governments who require timely access to data in order to plan, manage and account for investments and outcomes - their children and families' well-being. We know that like any other government, Indigenous governments need data to provide evidence and information for effectively exercising self-determination and decision-making for achieving improved outcomes and serving the needs of their citizens, especially for their children and youth.

We invite people to review and contribute to these lists to keep them current and accurate. Please email us at indigenous.initiatives@help.ubc.ca.
