Determine the format of your teacher training

Teachers new to the EDI require training to ensure that high quality information is being collected. This information is invaluable to your district as it is reported back. As a district, you have two excellent options to facilitate this training. Your teachers can participate in a HELP led webinar, or your district can lead an in-person teacher training session. To discuss your options, please contact the [EDI Team](#).

If you plan to lead an in-person training session, you can review the [Teacher Training Session Information page](#).
