Subject: Request for Reference Letter – Varneega Theva

Hi Sonny,

I hope that this letter finds you well. I am in the middle of my second degree in Computer Science and currently applying for a highly contested internship position. As my previous manager at The Princeton Review, I'm hoping that you would be able to provide a letter of reference.

I really enjoyed our time working together at The Princeton Review, particularly when we collaboratively designed multiple sales tactics during a low turnout period that directly contributed to the growth of the campus by 22%. With that in mind, I thought you'd be a great person to vouch for my expertise in problem-solving and my ability to think creatively.

I have attached a recent resume, cover letter, and a copy of the job posting below. If you can provide me with a letter of reference, please let me know by April 8th as applications for internships are examined on a rolling basis. If you have any questions, please feel free to email me at varneega.theva10@gmail.com.

Thank you for your time and consideration, I look forward to hearing from you.

Best regards,
