

# ART/SEEN VANCOUVER

## Founder: Klara Manhal

"Art is a wonderful thing. It generates beauty, inspires the soul, and challenges the status quo –but it can be a little obtuse. We're committed to helping you 'get it'. Our tours are designed as access points to the 'meaning' of art. Explore the myriad of exciting spaces in this city, while learning to approach art on your own terms. We are your connection to enriched experiences." -www.artseenvancouver.com
